

Consult a Doctor Plus, A Telemedicine Benefit

Consult with a Doctor 24/7 by Phone, Video or App

Your employer is providing you a new employee benefit that will save you time and money. Imagine a world without doctor's office waiting rooms, no more urgent care visits or emergency room visits for non-emergency purposes. Now, you can. Consult A Doctor Plus (CADR+), powered by Teladoc™, provides you with phone, video and mobile phone app access to licensed US physicians, 24 hours a day, 7 days a week. Need medical advice at 2 a.m.? Or, a prescription while traveling? A refill? Is it tough to get across the city for an appointment or because you live in a rural area?

CADR+ delivers the finest physician care – anytime, anywhere, for anyone.

A Fresh, Bold Approach to Healthcare

CADR+ provides on-demand, 24/7 phone, video and mobile phone application access to US Board Certified doctors, who can diagnose your problem and prescribe medication when needed. Individuals and families can consult in less than 10 minutes with our network of U.S.-based, state-licensed doctors for common, non-emergent medical conditions.

While healthcare as we know it slows to a crawl, further strained by the passing of the Affordable Care Act, Consult A Doctor Plus transforms traditional healthcare delivery by harnessing the power of digital communication and technology. As a result, Americans nationwide can now experience real-time, quality physician care – anytime, anywhere, and for anyone.

How Does It Work?

- **Step 1:** Complete your medical history online, by phone, or fax
- **Step 2:** Log into your account or call and request a phone or video consultation
- **Step 3:** A board-certified doctor, licensed in your state reviews your EMR and provides your consultation (by phone or video)
- **Step 4:** Doctor recommends treatment, prescribes as needed, electronically sends prescription to a pharmacy of your choice
- **Step 5:** Doctor documents the consultation, adds to your EMR, and, with your permission, sends the results to your health plan and/or your primary care doctor
- **Step 6:** Within 72 hours we follow-up, 'are you feeling better,' 'were we responsive,' 'were we polite,' 'with no CADR+, what would you have done?'
